

Icenian Identity and Security Amendment

Section I: Identity

1. To acquire or maintain citizenship, an individual possessing the role of resident or higher within Icenia must disclose their in-game-name in a government-designated channel within 1 week of the passing of this bill or 1 week of approval, whichever is later.
2. When an individual is approved for residency, they must disclose their in-game name, and this disclosure must be confirmed through any of the methods defined in Section II prior to any roles being conferred.
3. Failure to comply with all requirements laid out in this bill shall result in removal of all roles and associated rights until the individual complies with the requirements of this Amendment.
4. If an individual has roles removed for failure to comply with this Amendment, they may regain their roles and all associated rights if they comply and the Secretary of Defense determines that they are not a threat to the Security of Icenia based on the information

Section II: Confirmation

1. Assertions of identity in-game made by any Discord account must be confirmed by one of the following ways before being assumed to be true:
 - a. Upon the next log on of the in-game account being claimed to be possessed by the discord user where a member of government is active, they must confirm to that government member that the associated discord user is them. Due diligence for this on the part of the party to be verified requires that the government member acknowledge the assertion in chat or in Discord, with a lack of acknowledgement being assumed to mean they are inactive.
 - b. An existing and trusted Icenian citizen must confirm the in-game name of the individual.
 - i. If the person being verified is determined later to not be the individual using the in-game account, or the verified person is found to be intentionally destructive towards Icenia, a trial is to be held for the sponsoring citizen to determine if there is any fault on their part, at the discretion of the individual presiding over the trial and the sentencing body of the trial.

Section III: Citizenship

1. The Secretary of the Interior is to be responsible for conferring appropriate citizenship roles upon meeting these requirements, and removing appropriate citizenship roles for non-compliance, documenting the removed roles in the Department of the Interior for future reference as needed.
2. Individuals other than the Secretary of the Interior are only to grant citizenship tiers with the approval of the Speaker of the Senate and the President of Icenia on the basis that the Secretary of the Interior has become inactive.
